

- KEY**
- Existing tree planting to be retained
 - Proposed specimen shrub planting and groundcover
 - Existing amenity grass
 - Proposed wildflower meadow mix
 - Habitat Improvement Feature
 - Niche Environmental - Bee Tower

Refer to drawing 45203-Planting Schedule for further information on planting specifications

General Notes
ASL soft landscape information excludes addressing any invasive weeds that are potentially present on site.

Site assessment and remedial work to be carried out by contractor.

Soil Resource Plan for specification of soiling and operations to be confirmed by contractor.

The Client will appoint a suitably qualified Landscape Architect to oversee the implementation of the landscape works.

The landscape architect will obtain the contractor's programme of works to agree suitable points for inspection of planting stock, tree pits etc. to ensure compliant planting stock is supplied and with evidence of the relevant certification.

The LPA will be notified on the completion of this work.

NEWPORT ROAD

Wildflower meadow
